

**Competitors Bulletin #3**

**RE: Placement of Storm Attack, Bilstein SWRC , Bilstein Cup Logos, Lucas Oil Decals**

1. Competitors who entered in *Storm Attack* must carry Organizer supplied decals on each side of the car during the rally. These decals are to be placed on the front doors behind the number backers or plain numbers and just above the class designator and Bilstein SWRC decals (see diagram below).
2. Competitors who are registered for the Bilstein Cup Class season final contingency awards must carry Organizer supplied decals on each side of the car during the rally. These decals are to be placed high on the front fenders just forward of the front edge of the doors. (see diagram below).
3. Competitors who enter Desert Storm Rally(s) must carry Lucas Oil and Bilstein SWRC Organizer supplied decals on each side of the competition vehicle during the rally. These decals are to be placed as followed:

Lucas Oil decals are to be placed on the front fenders between the front edge of the doors and near the opening of the tire area (see diagram below). Lucas Oil is a event sponsor and for the sponsor to be recognized on every Desert Storm entrant car.

Bilstein Southwest RallyCup Series decals are to be placed on both sides of the doors behind the numbers or plain car numbers and above the class designator (see diagram below). It is a requirement between the Bilstein SWRC series and its events to place the decals on its entrants cars.
