

Competitor Bulletin #5

March 8th, 2010

Re: Desert Regional Stage Format (Saturday –March 13th, 2010)

Because Saturday's stages are a long distance from Blythe, competitors are allowed (and encouraged) to trailer their cars to first MTC.

- MTC 1 is located near start of stage 1
- Service crews will be able to trailer to MTC out, drop off their teams, and return to the service area at Palo Verde College.
- Route instructions are included in the routebook and service crew packets
- Timecards will be handed out Saturday's drivers meeting, and 90 minutes will be allowed to tow out (63miles), unload and enter MTC.
