#### Competitor Bulletin #4

Re: RV Parking at the Palo Verde College on Thursday evening.

We were getting confused whether they will or will not allow RV parking or setting up a tent at the college on Thursday or Friday, since they do have a building going up in the middle of their campus. We have a confirmation on this subject matter.

Per Palo Verde College as stated:

For the folks that arrive **Thursday night**, they can stay in the far north-west parking lot just as they did last year. After 4 pm Friday, the competitors can move to the area in front of or behind the technology building (just like last year). We will have a few classes Friday morning but we will work around them.

*George Walters*

*Associate Dean - CTE*

*Palo Verde College*

Please do adhere to their guidelines so that for future relations can continue to have you stay over in their parking lot for free.

Thank you,

Denise McMahon
