

Competitor's Bulletin #1

Storm Attack 2010

The organizers of the Desert Storm Rally want to bring additional new competitors into our sport and they typically come from the privateers that make up the majority of entrees at any regional and most national events. The regional competitors are frequently poorly recognized and rewarded for their efforts. We understand the limited budgets that most competitors have to work with, as well as the expenses involved for an organizer to present a regional rally.

Desert Storm Rally has asked the Max Attack organization to include our event in their 2010 schedule. As of this writing (1-21-10) a decision has not been made. Should Desert Storm NOT be included, we will offer the competitors *Storm Attack*.

This concept is borrowed from "Sno*Attack" an event within the Sno* Drift National.

Here are the guidelines: \$50.00 entry – open right up to Friday –Jan 12th. This entry fee will be added into the existing prize funds provided by Lucas Oil, SWRC and others.

- Entrants must carry Organizer supplied decals on each side of the car during the rally.
- 2 classes: 2wd and 4wd.
- Must finish both events: Desert Regional (Co 3) and Storm Regional (Co 2)
- 1 point per finishing position per event
- Lowest points wins
- Ties broken by highest finishing position in Desert Regional Rally
