

Volunteer Lunch Bulletin

March 14/15, 2008

Attn: Desert Stormers Volunteers

From: Denise McMahon

Your lunch will be given to you each day by our Equipment Sweep Team. They will follow behind the Green Light Sweep. So watch out for the truck (wave to them to get their attention because they need to stay with the pack of sweeps) that will have on its side saying it is the Equipment Sweep vehicle. Jon and Dan Rea will be giving out sandwiches and cold water both days for you to have a lunch on us. Consisting of Turkey or Chicken so specify what you want and it will be first come and first served on the sandwiches. So if they run out of one type...please do understand...if there is any left when they come back around again...just ask for it and they will provide. Extra water will be there as well to help you if you run out of water.

Lunch is:

Sandwich, chips, cookie and water.

If you want extra food then I would suggest that you pick up extra at Albertson's Grocery store or you can also do to the deli store that is off Lovekin Blvd in the Valero gas station.

Please keep yourself hydrated since the desert can be unpredictable about heat. Right now the weather has been about 85-90 degrees during midday and can be cool in the morning.

Thank you and enjoy the lunch. It is our way of saying THANK YOU for being there to help Desert Storm be successful.
